*Excerpt from Strategic Partnership Agreement:*

**Section 4.04 Capacity Reservation Fee.**

(a) As additional consideration for the reserved capacity, and to provide for preserving and maintaining such capacity, the City shall pay to the Operating District (for deposit into the WWTP Account, for the benefit of both the District and the Interconnected District) an annual Capacity Reservation Fee due on October 30 of each year. Each Capacity Reservation Fee shall be paid in advance for the calendar year beginning on January 1 following the due date. The first Capacity Reservation Fee shall be due on October 30, 2014 for the calendar year 2015. The Capacity Reservation Fee is a percentage of the annual Non-Flow-Related WWTP Expenses that is equal to the percentage of total WWTP Design Capacity that is reserved to the City. Initially the City's reserved capacity is equal to 25% of the Design Capacity.

(b) The Capacity Reservation Fee shall be paid based on the budget estimate of Non-Flow-Related WWTP Expenses in the WWTP budget adopted by the Operations Committee for the upcoming calendar year and shall be subject to adjustment to actual cost ("true up") as hereinafter provided. The allocation factors shown in Section B4.02 of Appendix B shall be applied to determine the Non-Flow-Related WWTP Expenses.

(c) [provides for "true up" of CRF for each calendar year as of April 1 of the following year]
